Dear Brad & the Northland Vietnam Veteran Memorial Foundation,

I write to thank you for awarding me your scholarship and giving me the opportunity to read my essay over Memorial Day. I found your Memorial Day event very moving and I felt honored to read my essay in front of the audience of veterans.

I just recently read my essay at my grandfather's military memorial service over the 4th of July. Many people, including the veteran chaplain, were very moved.

Therefore, I thank you not only for your financial support of my education at UW-Superior, but also for creating this opportunity for me to learn and express concepts that I believe would have made my grandfather, Paul Cramer, proud.

Thank you,

Trevor Laroche-Theune
